

Rational Numbers Add-In for Excel is a tool for mass spectrometric identification that works with local installations of Microsoft Excel 2010 and newer versions in Windows. This program will not run on Apple or Windows 11 computers.

Agreement: MathSpec, Inc. agrees to provide the license for *Rational Numbers Add-In* (Software) to the Customer. The Customer obtains a non-exclusive right to use the Add-In. The Customer must purchase and install the Excel software separately. MathSpec, Inc. is not responsible for installing the software into the user's computer.

The License is conditioned upon the Customer having paid the license fee stated in the Order Form or otherwise agreed in writing between MathSpec, Inc. and the Customer. The license fee is exclusive of any sales, VAT or similar taxes or public duties and fees. All such taxes, duties and fees shall be paid by the Customer.

The Customer may use, access, display, run or otherwise interact with one copy of the Software, or any prior version for the same operating system, on a single computer, workstation, terminal, handheld PC, smart phone, or other digital electronic device ("computer"). If the License is a single user-license, the Customer may use only the licensed copy of the Software for processing of data. If the License is a multi-user license, the Customer may use as many copies of the Software as corresponds to the number of user licenses. The Customer may store or install a copy of the Software on a storage device, such as a network server, used solely to run the Software on the Customer's other computers over an internal network; however the Customer must acquire and dedicate a license for each separate computer that may access the Software from the storage device. A single-user license for the Software may not be shared or used concurrently on different computers. The Customer shall introduce routines and control functions in order to ensure that the number of computers that may access the Software do not exceed the number of Licenses granted according to the Order Form.

MathSpec, Inc. owns the Software, including the copyright and patent rights to the Software. The License does not include any transfer to the Customer of MathSpec, Inc.'s ownership of the Software (including the computer media through which the Software is made available), such as copyright or patent rights.

It is the Customer's responsibility to verify any critical molecular identifications obtained using the *Rational Numbers Add-In*. MathSpec software is not for use in clinical diagnostic procedures. Mathspec, inc. makes no, and hereby disclaims any representation or warranty of any kind, express or implied, with respect to the Software, whether as to merchantability, fitness for a particular purpose, warranties arising from course of dealing or usage or trade or any other matter.

No employee, representative or agent of MathSpec, Inc. has any authority to bind Mathspec, Inc. to any affirmation, representation, or warranty except as stated here. Under no circumstances shall Mathspec, Inc. have any liability to the customer or any other person or entity for any indirect, special, incidental, or consequential damages of any description, whether arising out of warranty or other contract, negligence, or other tort, or otherwise, including without limitation, lost goodwill, loss of investment or other losses.
